

*Chuck Clayton
MU-2 Owner*

Due Diligence.

It's how you bought your MU-2...

Your decision about the upkeep and maintenance on your MU-2 should be based on nothing less than all the facts.

Authorized Mitsubishi MU-2 Service Centers possess:

- Product knowledge
- Technical data
- Years of experience
- Spare parts
- A commitment to providing customers with superior support.

Your due diligence will show that none measure up to the Authorized Mitsubishi MU-2 Service Centers network.
